

Policy IF: CURRICULUM DEVELOPMENT**Status:** ADOPTED**Original Adopted Date:** 01/23/2020 | **Last Revised Date:** 09/01/2022 | **Last Reviewed Date:** 09/01/2022

February 16, 2023

The board of education directs the instructional staff to implement a curriculum for all instructional courses.

1. The curriculum will align externally to all Missouri Learning Standards and the English learning development standards and internally among grade levels and courses.
2. Written, taught and assessed curricula must be aligned by the school leadership.
3. Each student has opportunities to excel under the curriculum.
4. Educators will provide learning opportunities aligned to the district curriculum and set clearly identified and communicated learning targets.

Curriculum Development and Review

The superintendent will initiate a curriculum development and review program that will require various administrative and instructional staff (including prekindergarten staff) participation at the building and district levels and involvement from parents/guardians, members of the community and students. The board will review and approve each district-developed curriculum guide.

The district will provide resources and administrative support for curriculum development, evaluation and revision. The district will devise a systematic plan to regularly review each curricular area based on the district's assessments and other available data. Responsibility for this review process will rest with the superintendent or designee, with assistance from the building principals. Individuals who are well qualified in a designated area of study will be appointed by the superintendent or designee to a curriculum review committee for the designated curricular area.

The selection and adoption of instructional materials are primarily based on the programs described in the curriculum guides developed by the individual curriculum review committees. The curriculum review process should be completed the year prior to the fiscal year where funds are allocated to purchase instructional materials related to the curriculum content area developed.
